ENERGY DEMAND, AN IMPROVED FOOD SAFETY,
AND A BETTER INDOOR AIR QUALITY IN THE
MIDDLE EAST**

Indoor Climate
(HVAC)

Process
Cooling

Food Cold
Chain

Industrial
Ventilation

**FAIR AND TRANSPARENT STRUCTURE
FOLLOWING STRICTEST COMPETITION
LAW RULES**

WHO WE ARE

WHO WE ARE

The World of Eurovent consists of three independent units

EUROVENT ASSOCIATION

**EUROVENT CERTITA
CERTIFICATION**

**EUROVENT MARKET
INTELLIGENCE**

WHO WE ARE

Association ≠ Certification

EUROVENT MIDDLE EAST AS AN ASSOCIATION DOES NOT ISSUE ANY TYPE OF CERTIFICATION

THE GLOBALLY KNOWN 'EUROVENT CERTIFIED PERFORMANCE' MARK IS PROVIDED EXCLUSIVELY BY EUROVENT CERTITA CERTIFICATION

EUROVENT CERTITA CERTIFICATION RUNS FULLY INDEPENDENTLY FROM OUR ASSOCIATION ACTIVITIES

MEMBERS OF EUROVENT MIDDLE EAST RECOGNISE AND SUPPORT THE DISTRIBUTION OF 'EUROVENT CERTIFIED PERFORMANCE' AS A HIGH-QUALITY MARK IN THE MIDDLE EAST

WHAT WE STAND FOR

Core issues

Throughout our activities, several core issues receive particular attention

INDOOR AIR QUALITY (IAQ)

We raise awareness on the importance of a healthy indoor air among the public and policymakers and provide practical solutions

ENERGY EFFICIENCY

- We support strong measures that require manufacturers to decrease the energy consumption of their products
- We encourage end users, consultants, and developers to utilise products, which will increase energy efficiency within their buildings

MAINTENANCE AND DURABILITY

We regard a proper product maintenance as key to ensure product performances both in terms of energy efficiency and health

WHAT WE STAND FOR

Core issues

Throughout our activities, several core issues receive particular attention

REFRIGERANTS (F-GASES)

We advocate the global phase-down of refrigerants with a high Global Warming Potential (GWP) along the lines of the European Union 'F-Gas Regulation'

MARKET SURVEILLANCE

We encourage a stronger and more visible market surveillance and inspection by authorities in the Middle East, and support them in doing so

WHAT WE STAND FOR

Standardisation and level-playing field

**EN AND ISO STANDARDS
APPLICABLE TO OUR INDUSTRY
DRAW ON INTERNATIONAL
EXPERTISE AND EXPERIENCE**

**THEY ARE A VITAL RESOURCE
FOR GOVERNMENTS WHEN
DEVELOPING PUBLIC POLICY**

**WE SUPPORT THE WIDE-SPREAD
IMPLEMENTATION OF EN AND ISO
STANDARDS IN THE MIDDLE EAST**

**WE STRONGLY OPPOSE THE
BILATERAL PROMOTION OF
STANDARDS AS TECHNICAL
TRADE BARRIERS**

Reliable Partner

- Unbiased, objective and neutral
- Independent
- "common sense" – consensus of the industry
- Representing best practices and state of the art
- Expertise and Education

Active Cooperations

- GSO (MoU in discussion)
- SASO (MoU in discussion)
- ESMA (draft regulation)
- ADQCC (draft CAS)

- Ministry of Industry, Bahrain (cooperation on draft regulation)
